

12 June 1973

MEMORANDUM FOR: Chief, Support Division,  
Office of Medical Services

SUBJECT : A-V Films for Health Education Program

1. The attached brochure [REDACTED] lists films this firm produces for the Audiscan AV device. I have checked 14 films I would like to obtain on a trial bases for the A-V Health Education Program. A copy of the price list is included with the brochure. The films are \$70 individually with a reduction for increased quantities. If all 14 films are purchased, I calculate the base price would be \$882.

25X1A

2. Your assistance in obtaining the above films at the earliest date will be greatly appreciated.
